

## CCI User Help Guides: Android Email Setup

This document shows how to set up your CCI Wireless email address to use on an Android device.

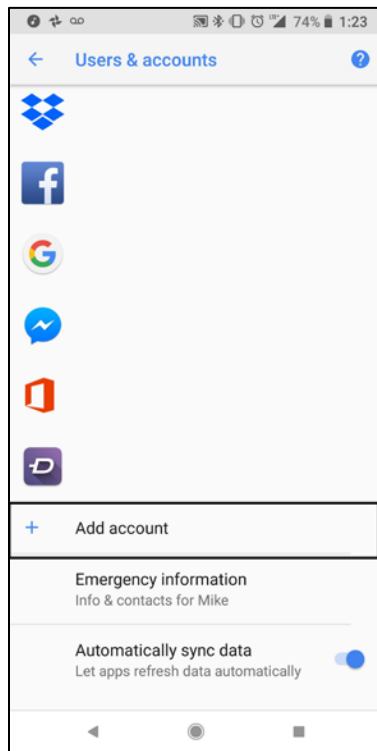

1. From your home screen, go into your Applications Drawer and tap "**Settings.**"

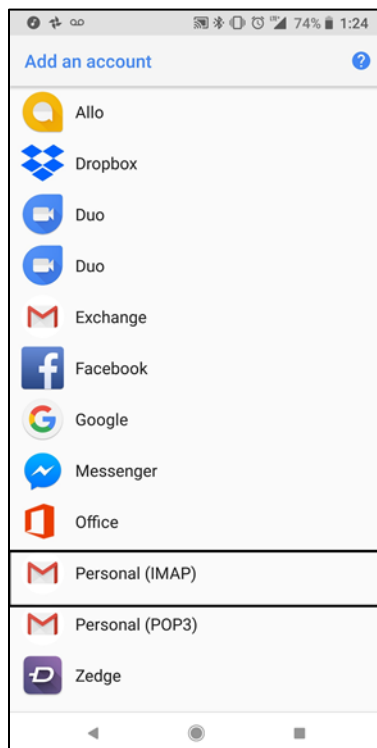

2. Scroll until you see "**Users & Accounts,**" and tap it.

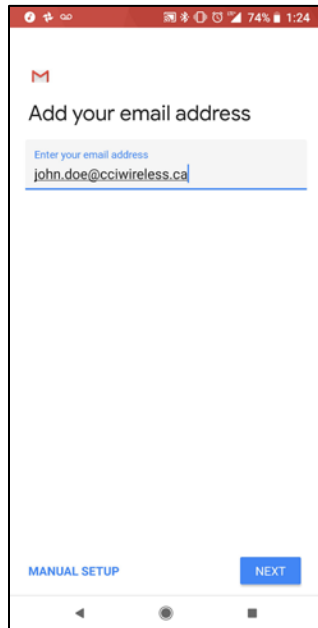

3. Scroll to the bottom and tap **"Add account."**

4. On the following screen, tap **"Personal (IMAP)."**

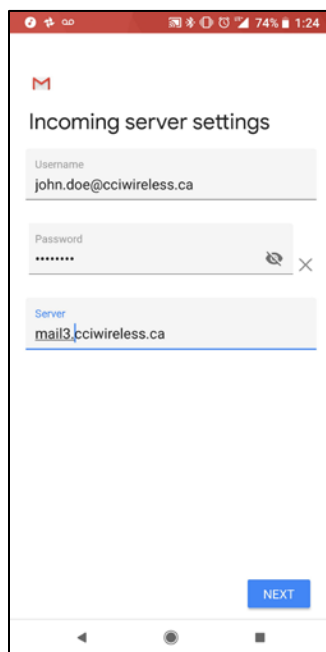

5. On the following screen, **enter your email address**, and then tap **"Manual Setup."**

6. On the following screen, fill out the information as follows. See example below.
  - a) Username: **Enter the email address you are adding.**
  - b) Password: **Enter your personal email password.**
  - c) Server: Enter **"mail3.cciwireless.ca"** without quotes.
7. Click **"Next."**

Android will verify the incoming server settings.

8. On the following screen, fill out the information as follows (identical to the previous form).
  - a. Username: **Enter the email address you are adding.**
  - b. Password: **Enter your personal email password.**
  - c. Outbound Server: Enter "**mail3.cciwireless.ca**" without quotes.
9. Click "**Next.**"
10. Your account has now been added to your Android device. You can now access your CCI Wireless email through the Android app.
