Your CCI email account is now ready for use in Outlook on your Android device.

Changing your Email Password

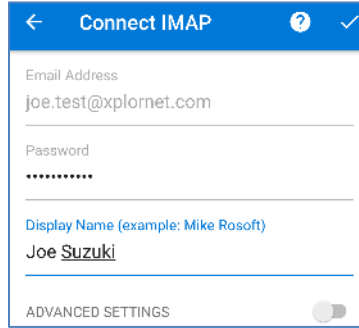

If you **changed your email password** in [webmail](#), you will need to change it in Outlook to match the new password.

Outlook will detect a sync error when you try to send and ask you to **re-enter your password**.

1. Tap **OK**

2. Enter your email **Password** and a **Display Name** (optional), then tap the **checkmark**

Your password is now changed to match what you set it to in webmail. You may have to resend the last message you were trying to send when you got the password error.
